

To whom it may concern:

This letter is to confirm that Eric Koulpasis was our superintendent for Southside Constructors and was responsible for building our Back Yard Burgers in Ft. Mill, South Carolina.

Eric did a great job from start to finish. He was proactive with respect to ordering needed materials and scheduling contractors. Our project ran very smoothly and was finished on schedule as planned.

If you want any further information please feel free to call me directly at (704) 905-0406.
