*General Contractor completes renovation of specialty retail shop
in exclusive mall, The Foundry at Cedar Street*

G. George & Company selected Southside Constructors, Inc. to renovate its specialty retail shop located in The Foundry at Cedar Street. The building exterior (top right) houses an array of interior decorating needs (above) inside. The reception area (bottom right) was designed as a focal point with its curved soffit overhead and removable wall panels behind the counter.

G. George & Company
The Furnishings and Textiles

Pictured above, the newly remodeled showroom features:

- Restored hardwood floors
- A synthetic marquee
- Task and specialty lighting
- New gypsum board partitions
- Upgraded floor coverings
- Removable wall panels in the receptionist area to allow all fabrics to be displayed to customers
- Various wall coverings including faux grass behind the receptionist counter
