

RE: Letter of Reference for Southside Constructors, Incorporated

This letter is offered as a recommendation for Southside Constructors, Inc. Southside has been involved in the additions and renovation of the SC Governor's School for the Arts and Humanities during the past twelve (12) months. Stacey Carpenter has served as Project Manager and Derrick Jones as Site Superintendent. I applaud Stacey's and Derrick's professionalism throughout the construction process. Both Stacey and Derrick have a "can-do" attitude when asked to go the extra mile and their honesty in dealing with construction issues is second to none. I acknowledge that this has been a very difficult project, and their leadership in constructing this project has confirmed our belief that Southside Constructors, Inc. is a quality contractor with a bright future.

We look forward to working with them on other projects in the future.

Regards,
