Dear Mr. Price,

I understand that you are soliciting a list of General Contractor's to construct your new Corporate Headquarters. I would like to recommend that you look to Southside Constructors for your construction needs. Steel Specialty, Inc. has fabricated many projects for this Company and they truly value the relationship with their Owner.

They are a Gaston County business and they work towards saving the Owner valuable time as well as money. They are a detailed oriented company, are well organized, and seem to keep the promises they make with regards to schedules and commitments. They are by far not the largest General Contractor in the area, but one that treasures their relationship with the customer and listens to the needs of the Owner.

Good luck on your new facility.

Sincerely,

A handwritten signature in black ink that reads "Vic Scott". The signature is written in a cursive style with a long horizontal line extending to the right.
