

# Southside Constructors, Inc. Finds Sanctuary at Southbrook Once Again

*General Contractor builds third phase for Southbrook Community Church*

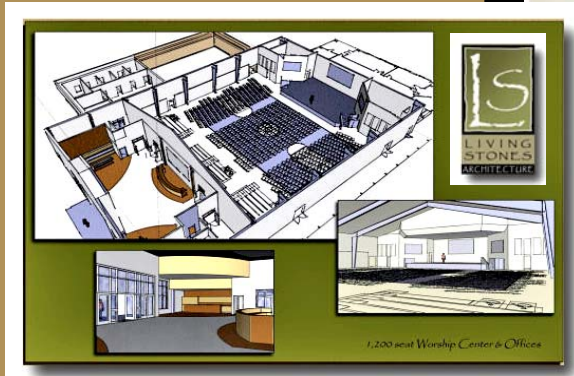

After successful completion of phases one and two of their church, Southbrook Community Church once again called upon Southside Constructors, Inc. for phase three, the addition of a 1,200 seat worship center to their already existing facility.

Designed by Living Stone Architects this project included a 1,200 seat sanctuary with retractable motorized bleachers, a combination full court gymnasium, stage, green room, band room, kitchen cafe, foyer, support facilities, and office/storage space.

Interior finishes and features included stain concrete floors, resilient flooring, and commercial grade kitchen

equipment for coffee bar area. Site work included paving, curb and gutter, landscaping and storm drainage, and sidewalks.

Additional work consisted of mechanical, electrical, plumbing, and fire sprinkler systems to the existing youth center.
