Re: The Southside Companies

We have worked with The Southside Company in the past and are now in the process of working with them on another project. Our past experience with them has proven to be profitable as well enjoyable.

They are a company dedicated to service, quality and performance to the satisfaction of its customers. Our experience has been that they are a company of integrity and are very professional in the way they do business. In the 15 years that we've been in business I consider them to be one of the best companies we've work with and look forward to a long and lasting relationship with them.

Sincerely,

Michael Peed Sr., Pres.
